Kitemark™ Certificate

No. KM 740457

BIM Software

Supporting compliance with the ISO 19650 framework and substantiation of stated benefits below following the assessment of software functionality, adoption of a security-minded approach, user support, development practices and organisational resilience.

Asite's range of solutions connect teams across the lifecycle of capital assets, enabling them to build better and build resilience.

Using an open construction platform, organizations working on capital projects come together, plan, design, and build with seamless information sharing across the entire supply chain.

Asite is headquartered in London's Tech City with regional offices in New York, Houston, Dubai, Riyadh, Sydney, Hong Kong, and Ahmedabad.

This Kitemark Certificate covers the following software products:
